REMARKS	

The impact of COVID 19 has affected the mobility of goods and services due to lack of available transportation.

The Philippine Postal Corporation (PHLPost), a government owned and controlled corporation is mandated by law to deliver communications, goods, merchandise and payment services. In recognition of the national program to mobilize e-commerce, we are engaged in the logistics services and the delivery of goods and merchandise to and from the following destinations:

- Ilocos Norte
- Ilocos Sur
- La Union
- Pangasinan
- Abra
- Benguet
- Tarlac
- Pampanga
- Bataan
- Zambales
- Metro Manila

As a GOCC, we have a leverage of doing business with government entities due to our exemption from the strict bidding requirements of RA 9184 otherwise known as the Government Procurement Law, through partnership with other government agencies by way of government to government transaction (G2G).

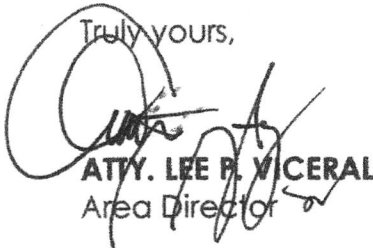

Attached for your guide and reference, is the matrix of our transportation rates, dimension and load capacity of our vehicles that suit your transportation needs.

Since PHLPOST is engaged in the delivery service, it is included among those allowed to operate during the pandemic and our vehicles are exempt from the number coding scheme and truck ban imposed by the local government units.
